cellular_component

integral component of plasma membrane

cellular-anatomical entity

protein-containing complex

membrane

cell periphery

organelle

endomembrane system

cell projection

intracellular anatomical structure

membrane protein complex

catalytic complex

plasma membrane

plasma membrane bounded cell projection

membrane-bounded organelle

external encapsulating structure

intracellular organelle

oxidoreductase complex

plasma membrane protein complex

organelle membrane

vesicle

actin-based cell projection

plasma membrane region

cytoplasm

extracellular matrix

membrane-enclosed lumen

intracellular membrane-bounded organelle

bounding membrane of organelle

NADPH oxidase complex

vesicle membrane

intracellular vesicle

microvillus

cell projection membrane

collagen-containing extracellular matrix

organelle lumen

intracellular organelle lumen

basement membrane

vesicle lumen

cytoplasmic vesicle lumen

endoplasmic reticulum lumen

secretory granule lumen

cytoplasmic vesicle

microvillus membrane

cytoplasmic vesicle membrane

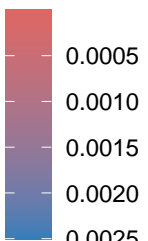

secretory vesicle

secretory granule

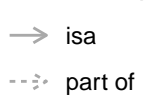

secretory granule membrane

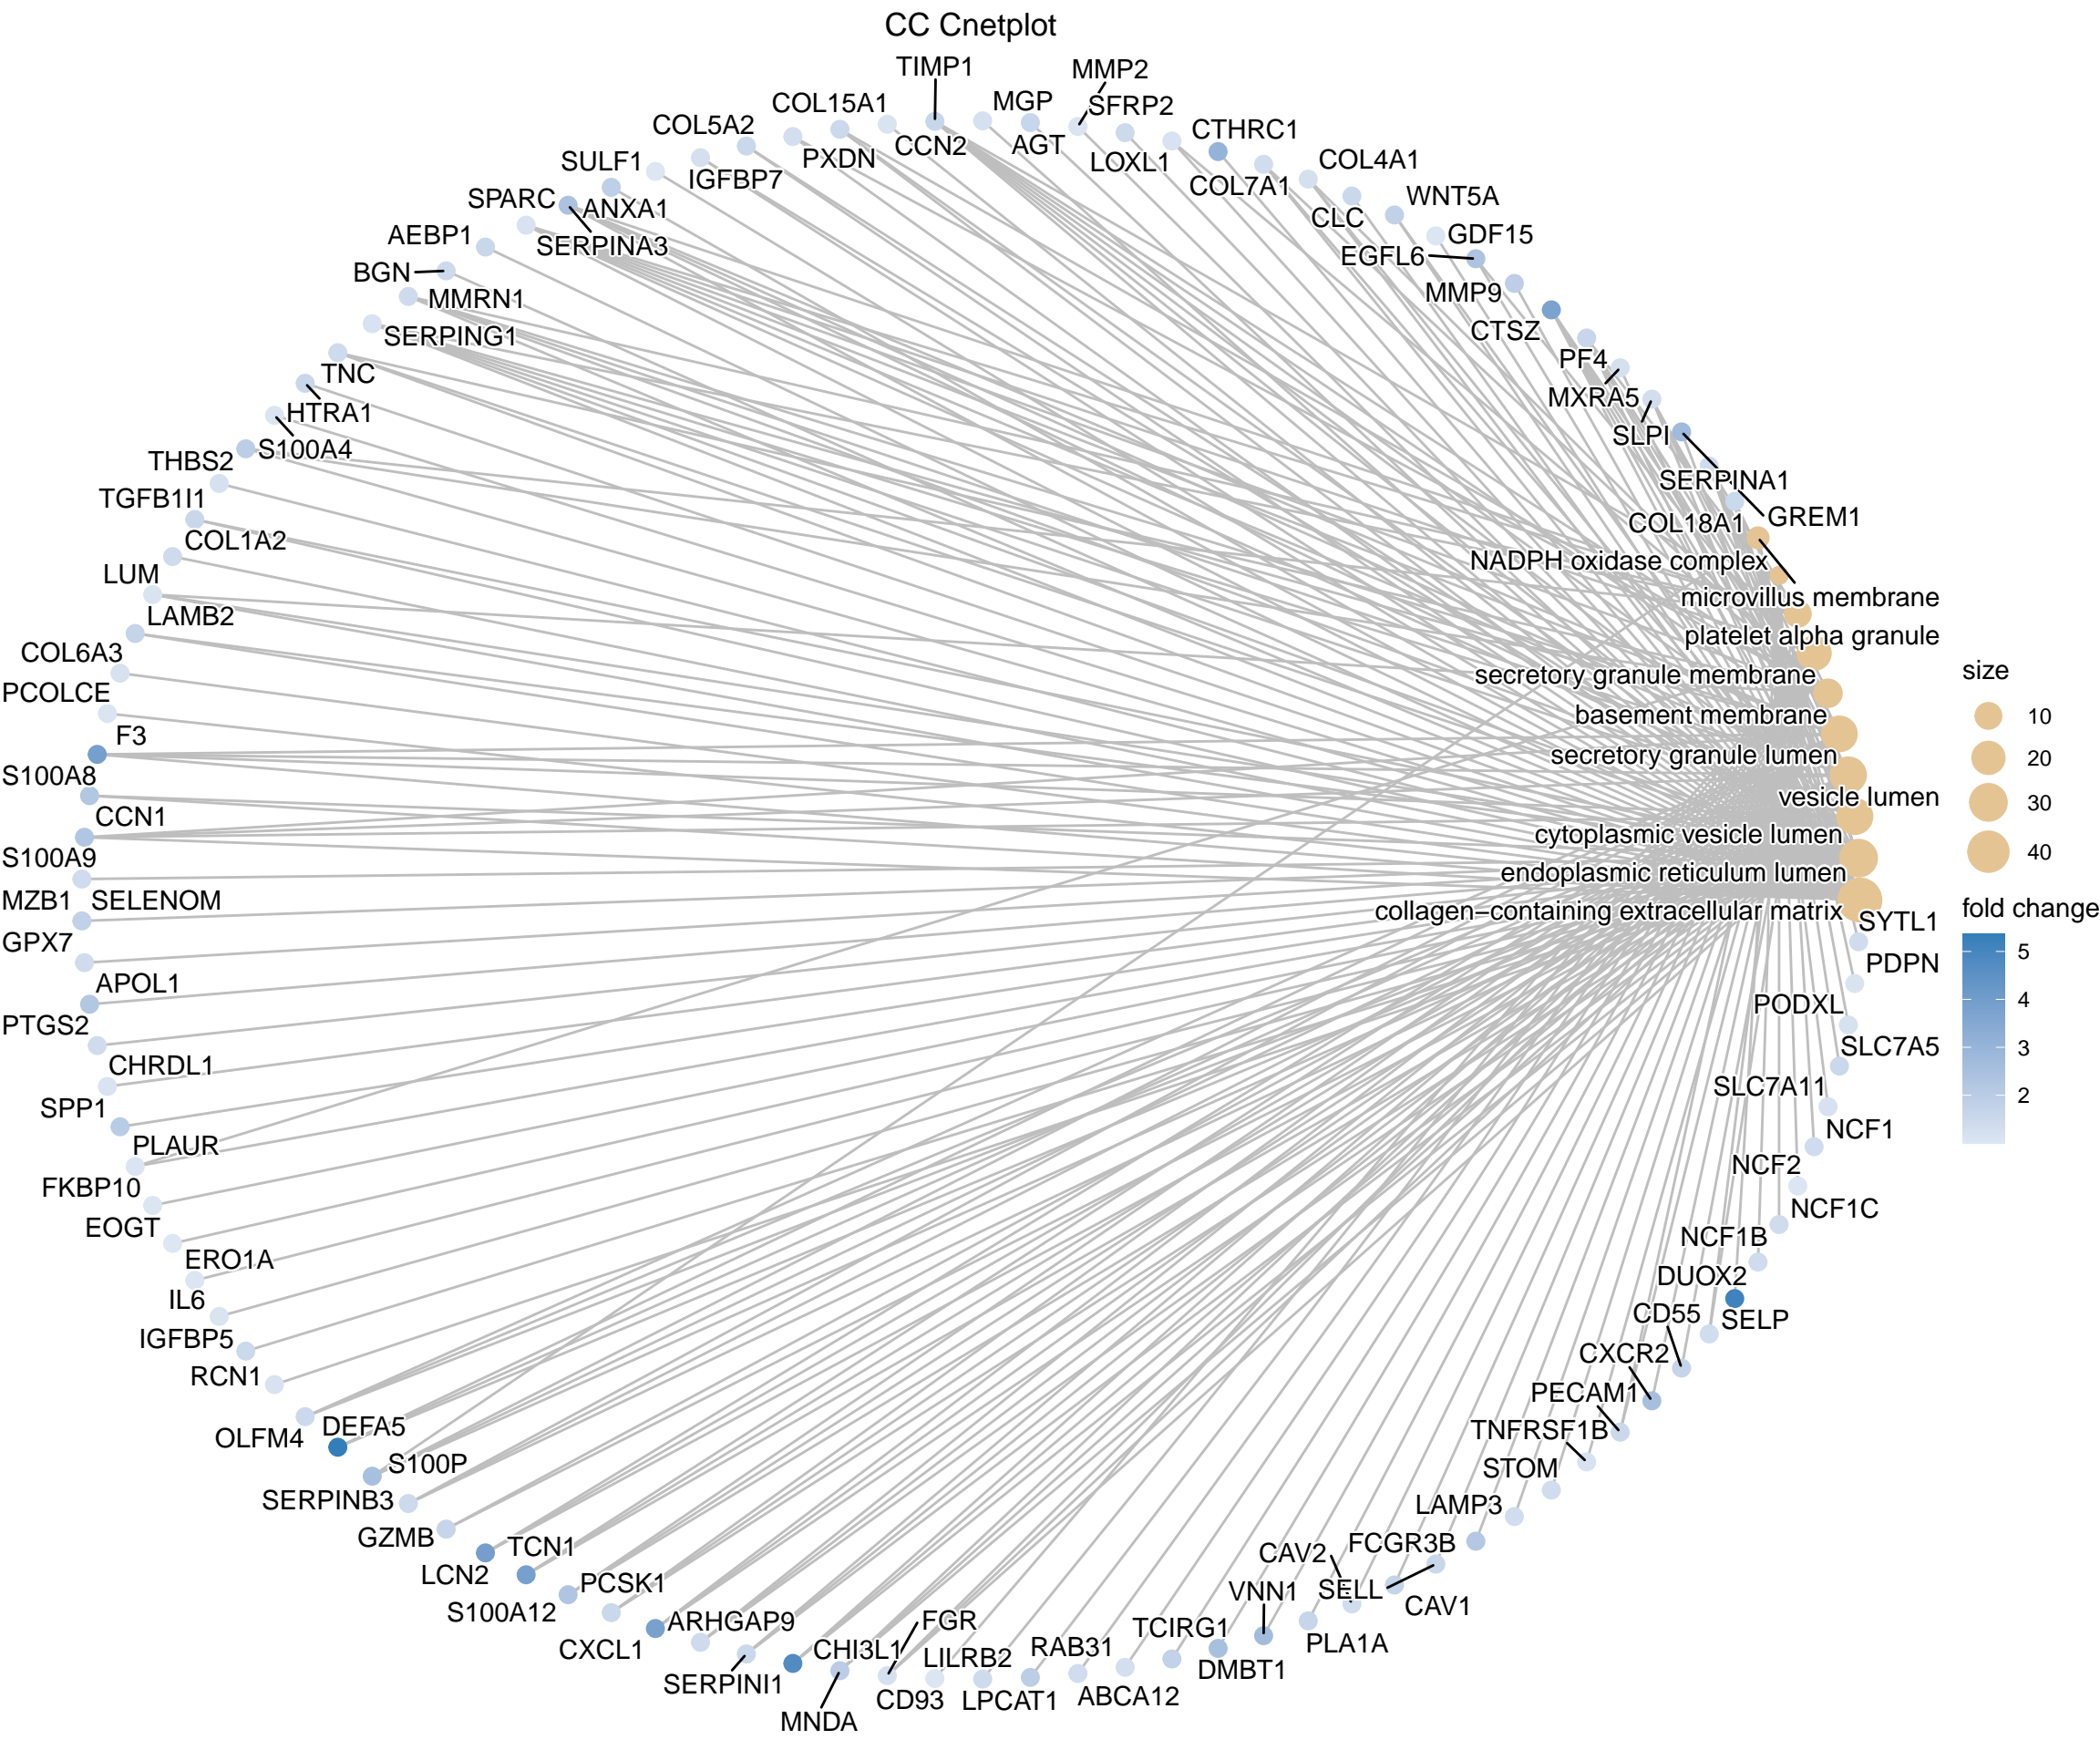

platelet alpha granule
